CRISPY, CROSS, SOFT,  
SPICY, MILD - BREAD  
COMES IN A BIG VARIETY  
AND - AS NO OTHER FOOD  
PRODUCT - IT IS AN  
INDISPENSABLE ACCOM-  
PANIMENT TO ALMOST  
EVERY GOOD MEAL.

▼

*Flat bread is an essential part of the meal in most regions of the world. In a large part of India, for example, people prefer to eat Poori, Naan, Roti, Paratha or Chapati with a Curry rather than rice. Not only are these breads delicious on its own or with a meal but also are used to replace fork and knife.*

FROM FRUITY FRESH TO  
WONDERFULLY SPICY -  
SALADS ARE TASTY AS  
COLOURFUL AS THEIR  
APPEARANCE. THEY ARE  
EASY TO PREPARE AND  
ALSO A COLD PLEASURE.

*Salads - even if they are not always called that - have a long culinary history in the oriental region. And also in Germany more and more people are acquiring a taste for lentils, chickpeas and co. ## Curry

.....

THERE IS A HUGE  
VARIETY OF CURRIES:  
AROMATIC, MILD OR HOT.  
BUT THEY ALL HAVE ONE  
THING IN COMMON:  
THEY ARE AN INDISPENSABLE  
PART OF THE ORIENTAL  
KITCHEN.

v

*In the Indian kitchen, curry means meat or vegetable dish with sauce. What makes every curry so special is its own, individual spice mixture which consists of at least 9 different spices and is composed according to the ingredients of the corresponding dish. This special curry mixture gives every curry dish its own, distinctive aromatic or spicy touch. Most of our curries are vegetarian. The basic curry sauces Makhani and Korma can easily be enhanced by adding fish or meat.*

## Asian Specialities

.....

VERY FEW CUISINES  
ARE AS DIVERSE AS  
THE ASIAN CUISINE, AND  
NOW THIS DIVERSITY IS  
AVAILABLE WITHOUT  
ANY UNNECESSARY  
FOOD ADDITIVES.

Hardly any other cuisine is as colourful and multifaceted as the one of Asia. On top of that the list of favourite dishes worldwide is led by classic dishes like Bami Goreng or Chop Suey. Therefore we develop Asian food according to your wishes on the basis of traditional recipes. Of course these dishes carry the typical full and round taste of Asia, but are prepared without the use of unnecessary food colourings, flavourings, preservatives, and genetically manipulated ingredients.

## Dessert

.....

IN THE ASIATIC WORLD  
IT IS THE DESSERT THAT  
MAKES A FEAST OUT OF  
EVERY ORDINARY MEAL.

▼

*Indian sweets are generally very sweet and opulent. They do not only have a delicious taste, but also promise something good, according to Indian popular belief. That is why in India children as well as adults eat a lot of desserts. Indian people are very fond of sweets at any time - they nibble in between the meals, have a sweet when hunger suddenly calls or when the senses have to be calmed down after a spicy meal. The desserts are acting as counterbalance to the strongly spiced preceding courses.*

## *2. Offers*

*Nimex offers are subject to confirmation and not binding. Orders of our customers are regarded as accepted only after written confirmation or with delivery of goods.*

## *3. Prices*

*Agreed prices are the prices from the price list valid on the day of delivery. Agreed prices are net prices and involve the legally required VAT.*

## *4. Delivery*

*Delivery and performance times are non-binding. Nimex tries, wherever possible, to make the delivery happen at the indicated time. A delay in delivery does not justify a claim of damages. #### 5. Warranty

We do not give any guarantee that the goods offered or delivered are suitable for the purpose intended by the buyer. Information provided in our marketing material is not binding and does not justify any claims.

The buyer has to check the goods carefully after receipt. A complaint in respect of defect of goods has to be filed in writing immediately, but latest within 2 working days after receipt of the goods. Only justified complaints, presented in time, are entitled to either a replacement of goods, free of charge, or a refund, depending on the choice of the seller.

All further claims are excluded.

The rejected goods have to be returned in their original packaging in full and have to be stored according to their specifications until they are collected.

#### 6. Reservation of Property Rights

The delivered goods stay property of the seller as goods, subject to reservation of title, until the sales price has been paid in full and all outstanding debts arising from the business relation have been settled.

If these goods, subject to reservation of title, are sold on, the buyer already resigns from the claims from this resale to the amount of the value of these goods, including all accompanying bills. The seller accepts this subrogation. The invoice amount is regarded as value of the goods, which are subject to reservation of title.

#### 7. Payment

The payment of the purchasing price (agreed amount plus legally stipulated VAT) has to be paid, unless otherwise agreed, immediately after receipt of the invoice, without discount, in cash or by bank transfer/direct debit.

In any case we reserve the right to accept bills and bills of exchange.

Bills of exchange, cheques and direct debits are only regarded as payment once cashed and credited to our account. Discount charges and other costs are at the expense of the customer. The customer only has the right to offset these costs, if his counterclaim is beyond dispute and legally realized. He does not have the right to retain any amounts from earlier or different business transactions of this same business relation.

If the payment is effected after the agreed due date for payment, it is immediately regarded as default of payment. In this case we are entitled to charge interest to the amount of 5% over the prime lending rate of the German Federal Bank. Further deliveries are only done against pre-payment.

We can resign from the supply contract in circumstances that lower the financial standing of the customer or if there is a threat of insolvency. And we have an extraordinary right

to cancel the contract, if the buyer does not furnish collateral within a time-limit set by us.

#### 8. Conclusion of supply contract, duration, extension of contract

The buyer concludes the delivery contract with the seller by signing / placing an order. The contract period is based on the agreed delivery period or the agreed basic term.

A termination of the contract before the agreed delivery end is excluded. If the contract is not terminated in writing by one of the contracting parties with a notice period of six months to the end of the term or the delivery period, the delivery period shall be extended by a further year on the same conditions.

#### 9. Severability Clause

In case single regulations of this agreement between us and our customer are or become ineffective or contestable, the remaining regulations are not affected; in fact the remaining regulations have to be interpreted considering their commercial purpose, which was supposed to be reached by applying the ineffective or contestable regulation.

#### 10. Place of Fulfillment/Court of Jurisdiction

Place of fulfillment of all payments is Dieburg, Germany.

In legal disputes with general merchants Dieburg is the exclusive Court of Jurisdiction.

Furthermore, this applies to all claims, that are put forward against a customer who has moved his registered or habitual residence outside the Code of Civil Procedure or whose registered or habitual residence is unknown at the time of our legal claim. The relations between our customer and us are exclusively governed by the German Law; this is applicable to all contractual, extra-contractual and non-contractual claims unless it is not opposed to coercive national or international law.
